

The Bay Area Regional Energy Network (BayREN) implements effective energy saving programs on a regional level and draws on the expertise, experience, and proven track record of Bay Area local governments to develop and administer successful climate, resource, and sustainability programs. BayREN is a collaboration of the 9 counties that make up the San Francisco Bay Area.

### Single Family

A total of \$4,219,483 incentives were paid through the new Home+ program to 2,919 individual homes through December, 2019. This translated to an average incentive of \$1,445 per home. 871 customers also completed the online home evaluation. 445 of these customers (51%) received the no-cost EE kits for sharing their energy usage data with the program.

### Codes & Standards

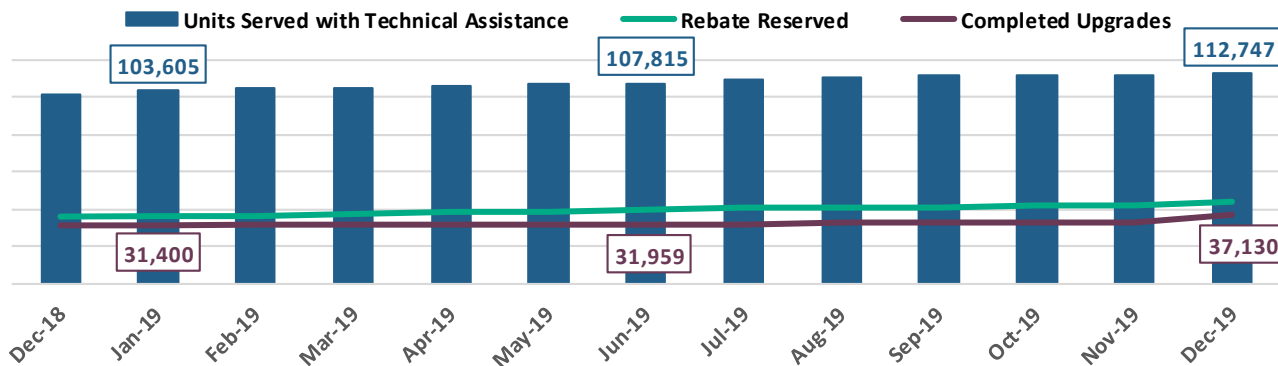

The Codes and Standards program provides local governments with Title 24, Part 6 compliance improvement tools and services, specialized classroom training sessions, policy development support, including reach codes, and Zero Net Energy-related technical assistance. This program also engages and coordinates with other programs and entities to support the State's ambitious energy policy goals.
